Gym Fella is an upstanding, attractive chestnut colt (soon to be gelded). He has a lovely refined elegant head, expressive elevated movement with lovely natural suspension and a sensitive, intelligent temperament. His dam, a quality Anglo-Arab mare, won many champions in the show ring and has given this young horse additional presence and gaiety via the Arabian influence. The Arabian Warmblood is a rapidly growing breed in Australia especially for dressage and showing, providing just a little bit more "sparkle" to the Warmblood!

Gym Fella has a very good trainable temperament and lovely kind character. He has been purpose bred with the smaller adult rider in mind, wanting the big horse movement, power and trainability in a smaller package. Expected to mature around 15.2 - 16hh. He has been well handled and cared for from birth.

This quality young horse must unfortunately be sold due to unforeseen family circumstances.  
 Realistically priced to sell. Located in Nelson.

Please contact Astek Stud for more details.
